Mark de Hoog,
Community Programmes Manager
PO Box 302 854
North Harbour

Dear Mark

On behalf of the Auckland Down Syndrome Association I would like to thank you for so kindly providing sponsorship for our Buddy Walk event this year. Your generosity contributed to making this year's event a great success. Between 1000 and 1500 people attended on the day and ensured it was a fun-filled celebration of individuals and families living with Down syndrome.

This year we were able to raise \$14,000 towards a new educational resource library for schools and parents in the Auckland region. Our education team have already been excitedly identifying resources to purchase and we hope to launch our new library within the next few weeks. This service will benefit all our school-age children and it would not have been achieved without the generosity of our sponsors. So again, my sincere thanks for your generous contribution.

Regards
